

Covid-19

Cartmel Priory is closely following the Church of England Covid-19 Guidance for Churches, which is being updated on a regular basis in line with advice from the NHS. This means that for the moment all our regular services plus baptisms, weddings and funerals are taking place as planned while we take all possible care where possible to take sensible precautions to guard against the spread of Covid-19. Please check our website and social media on a regular basis for further updates over the coming days and weeks which may lead to future cancellations or the suspension of services and events.

Please also note that we do not have hand-washing facilities for the general public and currently we are not able to acquire sufficient quantities of hand sanitiser. While we are cleaning doors and surfaces etc. regularly, we strongly recommend that you should either wear gloves and/or bring your own hand sanitiser with you if you are attending or visiting the Priory.

If you are or you know of anyone locally who is having to self-isolate and might need help with collecting medication or supplies of food please email us at ahpriory@gmail.com and we will do our best to arrange for someone to help.
